### THE ANNUAL CONVENTION

Convention is again at hand. The time has come for the Brothers to gather together again in the City of New York for three of the most enjoyable days of the year. The Brothers who have attended the Conventions regularly look upon it as the big thing in the whole year. And it truly is the big thing for every Alpha Chi Rho man. These three days enable him to get away from his cares of business life or school life, get in with a crowd of good, jolly men, meet old friends and make new ones. It gives him a chance to learn what his Fraternity is doing and it gives him a chance to aid in the doing. And, best of all, it gives him an opportunity to show just how much interest and enthusiasm he has in his Fraternity.

The Committee, of which J. H. King is the Chairman, promises to have the best Convention ever. And Brother King doesn't ever promise anything that he doesn't fulfill. He will be remembered as the Brother who staged such a grand gathering in New York two years ago. The promises of the Committee for this year are summed up in these words: "New, different and better features and refinements in detail that will make for comfort, convenience and enjoyment from start to finish." What more can anyone ask?

This Convention is to be a "Friendly Convention." Every effort is going to be made to make you know everyone and have everyone know you. Watch how the Mixers' Committee does it.

There is no use to go into the details of the program. It is the regular outline order of events with an unusual number of frills in the form of surprises. Information as to what the program will be may be gotten from the full page announcement. Here, we are concerned with one main thing—are you going to be at the Convention? Phi Mu has for the past several years taken a very active part in the entire affair and we wish to continue. We have rated high in attendance, having won honors the year before last and tied for the high mark last year. This year we want to lead the field by a big margin.

This can only be done, however, by every man in the Graduate and Resident Chapter attending at least one affair of the Convention. The Resident Chapter for the last three years has had a 100 per cent attendance and is expected to do the same this year. It is impossible to expect the Graduate Chapter to duplicate this, but we are looking for each and every man in the vicinity of New York to do his part. It is up to each man individually to try and get to the Convention. It would be best if you could go for all three days, but if you can't do that, get there for one affair at least. If each and every man tries this year, Phi Mu will again stand out in front. Don't forget the dates—February 22-23-24—and be there!

### A BIG DAD'S DAY

Phi Mu held her first Dads' Day last fall. An account of it may be found elsewhere in this issue. The important point about it all is that Phi Mu has finally had its first one and that means that it will be an institution in the Chapter. The one held last November may not have been as successful as it should have been, but it was considered good for a starter and will pave the way for much bigger and better ones in the future.

In order that we may have Dads' Days every year, we are making every effort this year to interest the parents in the Chapter so that next year there will be that many fathers less to urge to come to Lehigh. Once he gets here, he'll never miss it again if he can possibly help it. We want the Brothers' fathers to be interested in the Chapter and we want them to know what we are doing and how we live. If they come here, live with us and be boys again with us for a few days, they will go home with a feeling that they cannot get any other way.

We are now planning for a big Dads' Day this spring. The date for this affair is going to be the first one which we pick out because a spring Dads' Day is to be an annual affair. Just as soon as we know what date it is going to be we are going to let every Brother know about it. Then we want every father who possibly can to come and join in the week-end's frolic. We want all the Residents to have their fathers here, but we want all the Graduates to try and get their dads here, too. Every father is welcome and wanted. So when the time comes, see that your dad is here.

The Delegates to the National Convention in New York from the Resident Chapter this year are Brothers J. A. Thomas and J. W. Gardy. The Alternates are Brothers C. H. Israel and J. A. Todd.

# THE DIFFERENT CONVENTION

at the

HOTEL PLAZA, New York City  
FEBRUARY 22, 23, 24

### —Program—

THURSDAY, FEB. 22, EVENING—Registration and Smoker.

FRIDAY, FEB. 23, MORNING and AFTERNOON—Convention Sessions

EVENING—Glee Club Concert and Dance.

SATURDAY, FEB. 24, MORNING—Convention Session.

AFTERNOON and EVENING—Tea Dance and Banquet.

EVERY PHI MU MAN WILL BE EXPECTED TO ATTEND ONE  
OF THESE AFFAIRS—SO DON'T FAIL TO GET THERE!

## YOU'LL NEVER REGRET IT!

## DEGREES

Men go to college mainly for the purpose of getting degrees. At least, anyone would think so if they heard the continual talk about "getting me hours." Phi Mu has her share of men in the college after degrees. Some of them seek a degree in Chemical Engineering, others are working for a degree in Arts, while some have even gone so low as to try for a B. S. degree in "Baldy" Stewart's course.

Sad to say, some of the Phi Mu Brothers find the going hard. None of them find it easy. For this reason, the editorial staff of this august sheet has taken it upon itself to hand out a few degrees in order that the laboring Brothers might be appeased for a short time until the degrees they are seeking are ready to be handed out by the illustrious "Thorny."

It, therefore, gives the staff great pleasure in awarding the following degrees to the Brothers. Some of the Phi Mutes have been so diligent that they have earned several handles. We trust that our selections are in accord with the desires and wishes of the Brothers of the Phi Mu Chapter.

Brother Hauser has earned two very prominent degrees since he came to Lehigh. The first degree awarded to him is D. D. (Dumb Dutchman.) We knew that he had earned these letters as soon as we saw him, but such a degree should not be awarded until a man's Junior year. The other degree is given to him at this time with a certain degree of pride. This degree is M. A. (Master of Adding). We were forced to do this as a result of the recent examinations, as we learned that he could at least add even if he couldn't do anything else in the way of mathematics.

We pick out this place for Brother Hop Todd's degree because there is a chance that we might forget all about him as we so seldom see him. This is evidenced by the fact that he earned his C. B. (Counsel to Bloomfield) degree. He recently acquired a F. R. (Foreign Representative) degree when he took bag and baggage from the house to reside at the "A X P Annex."

Brother Thomas' C. E. (Cupid's Evader) degree goes to him after a strenuous effort to earn it. His last evasion compelled us to hand over the title to him. His ability to train female teachers in and about Bethlehem, however, in the last few months had earned a T. T. (Teachers' Trainer) for him, too.

Brother Ted Underwood was unanimously awarded his degree as soon as the subject was approached at the meeting of the staff. The degree of B. P. O. E. (Bum Pianist of the East) will now be attached to his name.

There was not much trouble either in getting a degree granted for Brother Al Johnson. His frequent visits to the remote parts of North and West Bethlehem was sufficient evidence that he had earned a W. C. T. U. (Women's Cross Town Union).

Brother Wardell's sad condition because of lack of food has caused us to award him the S. S. (Starved Swede) degree. Poor Whitey has gone down so much in the last week that the beckon of his little finger will no longer bring the food to him. He has to be careful what he eats, too, but that doesn't interfere with how much he eats. We might mention is passing, too, that Whitey still has his C. K. (Cosmetic King) degree.

Because Brother Judy Gardy is so good at selecting the many varieties of beans and is so clever at getting them mixed so that no one will enjoy them, the staff has given him the degree of S. B. (Server of Beans). We know that this won't stop him from giving us this favorite fruit of his, but we like to talk about it anyway.

To the still, quiet, sedate Paul Schmoyer we have awarded the two letters of B. S. That could be taken for most anything, but rather than leave you all in doubt, we will tell you that these letters stand for Bachelor of Silence. We can vouch for the silence end, but we are forced to express our doubt on the other point. Perhaps in another year he will have shown us that this degree does not suit him.

Brother Fatz Miller has the distinction of having the only foreign degree awarded. It was only after a thorough investigation of American degrees without success that it was decided to give Fatz this French degree. The honor earned by Brother Miller was a

Ch. E. (Cheval Enfant). Since many of the Brothers never have had any French, we will translate this. The English of it is "Childish Horse." The latter applies to the bulk, the former to his actions rather than his age.

It can be easily seen how Tom Cooke earns his degree of P. R. T. (Picture Readin' Tom). Tom's life depends on how many pictures he reads a day. A story doesn't mean anything to this Maryland boy unless it has pictures in it for him to read. If they are colored, so much the better. This degree was awarded after watching him read one picture for the period of thirty minutes.

Brother Dixie Walker has been given the degree of W. B. (Windy Bohunk). This was given as a sort of a favor to this Brother because he likes the name, Bohunk. For no other reason was this awarded. His other degree, A. C. (Allentown Commuter), seems to fit him better.

Louie Huyette earned his degree while in Philadelphia during the Christmas and New Year holidays. We believe that it was on New Year's Eve that his last effort was made to earn his degree of Ph. D. (Philly's Demon). He got it without much trouble. He is also the proud possessor of an I. W. W. (I Waff Wots) as a result of a visit to the ceiling one afternoon when his tongue got twisted.

Gussie Brown has attached a W. O. W. (Wonder Of the Walley) to his name. Being from Allentown explains how he got this. This might clear up, too, where his other degree of W. W. W. (Wim-Wigor-Witality) came from.

We have awarded the degree of N. G. to Asty. We don't mean to say that this means our little Asburyite is "no good." This stands for Noise Galore. A visit to the house at any study hour will easily prove how he earned this. He also bears a C. S. (City Slicker), which seems to be his without a doubt.

Charlie Israel has been given the honor of using an L. L. B. (Lissen-Lissen-Boys). We may as well give him the privilege of using it because he does all the time anyway. And when he isn't using this one, he is putting up his finger and saying, "I'll tell you ...."

H. B. P. (Human Bean Pole) is awarded to Brother Slim Hursh because he is such a midget. Of course, we don't like to insult the bean poles by saying that they never are straight or that they rest on their spines, but if Jim would straighten up one time, he might resemble a bean pole. Of course, this is only a guess, because we never saw him do it. Close to this degree follows his other one—an A. B. (Am-Bitionless).

Brother Ollie Zurn has earned one of the rare degrees awarded in any college. In fact, most of these degrees are awarded to boys before they get to college, but since this one applies to our little baby boy, we thought we would give it to him. It is the S. P. C. A. (Society of Petted Children of America.) With this comes an H. M. S. (His Mother's Son). The one that he has best earned, however, is his B. T. (Bull Thrower).

Doc Underwood's ability to flourish the knife at the table

without cutting anyone's ears off while doing it has called our attention to the department in which he has earned his degree. The Mastication Club, better known as O'Grady's Eating House, has sent in his credits for his B. A. (Butter Artist) degree. With an unlimited capacity for the yellow grease, Doc surely earns this degree. His other degree, which also comes from the same well-known organization, was decided upon the other day when even his brother Ted's voice could not drown him out. This degree is a N. E. (Noisy Eater).

It is mighty tough when you get "rooked" on the last stage and don't "rate" in on the dances. This was the misfortune of Brother Larry Kingham, bearer of that famous degree, B. S. (B-Thorp Snake). Regardless of this disaster on the part of our young Rudolph, he still continues to do the sneaking act and uphold his other famous degree of L. L. D. (Leaning Ladder Dandy).

Last but not least comes Freddie Dorton. This young gallant has earned two of the most honorable degrees ever given out by any staff of any sheet. The first of these degrees is an M. E. This degree is not awarded for good work in Mechanics not for being an expert in Mathematics. We are inclined to believe that it has something to do with women. Then, too there isn't any "W" in it either. It might be something to do with being out with women, or "in" with women, or being around women. It seems to us that there must be something about women that begins with an "M" at which you can be an expert. But we'll drop that an announce the other degree. This is perhaps the highest one awarded to the Phi Mutes and it is so evident that we must give it to Freddie. This award is an M. S. (Mary's Shad).

## LEADERS OF OUR ACTIVITIES

Aside from the regular officers of the Fraternity who are listed in the back of "Musings," Phi Mu has a number of chapter officials and leaders who are never known except to the Resident members alone. In order that the Brothers who are not attending college at the present time may know who are the leaders of the chapter activities, the following list is printed:

House Chief .....	A. W. Johnson
Arcadia Representative .....	J. A. Todd
Interfraternity Council Representative .....	C. H. Israel
Head of the Commissary .....	J. W. Gardy
Chairman of the Scholarship Committee ....	H. F. Underwood
Chairman of the Activity Committee.....	J. W. Gardy
Chairman of the Entertainment Committee.....	C. H. Israel
Librarian .....	R. E. Underwood
Captain of Basket Ball team .....	J. W. Gardy
Captain of Pool team .....	F. B. Dorton
Captain of Bowling team .....	J. W. Gardy

## OUR NEW MEN

Last fall we pledged six new men and recently we pledged another man, making our total of men this college year come to seven. We feel that they are seven splendid men and the kind who will be able to carry on the Alpha Chi Rho standards which have been carried this far so well. A short sketch of each man follows:

LEROY AUGUSTUS BROWN, C. E., '26                      Allentown, Pa.  
Known as "Gussie" and "Brownie"

Leroy Augustus, a pilgrim from Allentown, came to us with a good football record and he bids fair to keep up the good work. What Brownie expects to do with his C. E. degree nobody knows, because "bridging" is the least of his pastimes. In spite of the difficulties encountered in commuting every week from parts unknown (he spends his weak ends in the quiet section of Allentown) Brownie has learned to poke a wicked pool cue and has finally discovered the location of the Tau Beta Pi house. Gussie is a good student and a good frosh and will surely hold his own in this man's college.

Previous record of activities: Allentown High School, Class of '22; Athletic Association (1, 2, 3, 4,); Varsity Football (2, 3, 4,); Captain (4); Varsity Baseball (2, 3, 4,); Varsity Track (4); Varsity Basket Ball (4).

Lehigh University, Class of '26, Varsity Football squad; Freshman basket ball.

THEODORE COOKE, III, Bus. Ad., '26                      Baltimore, Md.  
Known as "Tom" and "Cook-E"

Tom is a ladies' man—first and foremost—has to beat them off with a club when he appears in public. Our 'phone bill has been doubled since Tom's been here and his name is known from Allentown to Easton. Handsome but pure—that's Tom. He is taking the Business course and expects to use it to good advantage—that is if he doesn't get married before '26. Our young Valentino is manager of the Freshman basket ball team and accompanies his team on many interesting trips to far off places such as Emaus, Freemansburg, Heilertown, etc. Tom goes to a lot of work to say all of his words two or three times, but he's got a pretty good heart and we can't help but like him.

Previous record of activities: Baltimore Friends School, Class of '22; Varsity Football (2, 3, 4); Varsity Track (2, 3, 4); Manager of Track (3); Captain of Track (4); Sigma Lambda Nu.

Lehigh University, Class of '26, Manager of Freshman Basket Ball.

SAMUEL LOUIS HUYETTE, Bus. Ad., '26                      Philadelphia, Pa.  
Known as "Louie" and "Little John"

Our Louie is the best looking cowboy that ever rode up the

Fountain Hill trail. He has already turned down offers from Arrow Collars, Mallory Hats, etc., and expects to go into the marshmallow manufacturing business. Louie and Ollie are soul companions but Louie handles the women better than the other Germantown twin—in fact, his amphibious ambidexterity in handling woman is unsurpassed by the other B-Thorp watch dogs. Louie rates more mail than most others but he passed all his work in spite of himself. Running true to the usual form of the Philadelphia boys, he made a place on the "Brown and White" board. Indications also point to Louie dancing in the Mustard and Cheese chorus.

Previous record of activities: Germantown High School, Class of '22; Engineering Club; Mandolin Club; Track squad (3, 4); Record Book Committee; Senator (2, 3, 4); Freshman football; Senior Dance Committee; Gamma Tau Delta, Secretary (2); President (3); Vice-President (4); Sigma Alpha Kappa.

Lehigh University, Class of '26, "Brown and White" board, Mustard and Cheese chorus.

RAYMOND REEVES MILLER, Ch. E., '26                      Roanoke, Va.  
Known as "Fatz" and "Fatty"

Ah! Here's the prize! The beautiful bouncing baby boy from the Sunny South, the 210-pound football demon and the trickiest dancer in town. Fatz always has a smile for everybody even tho he doesn't know what it is all about. He did well with the football team this past fall and with a little more work he should make his "L" next year. "Did I miss sumpin'?" is often heard—in fact, every time anyone says anything. What Fatz has in size is equalled in the volume of his voice—or rather, the lack of it. But Fatz has good lip motion and if you are good on lip reading you can understand him after about the third time he has whispered his message.

Previous record of activities: Roanoke High School, Class of '22; Varsity Football (1, 2, 3, 4); Track squad (2, 3, 4); Base ball squad (2, 3, 4); President of Monogram Club (4); Board of Cotillion (3, 4); Hi-Y; Sergeant-at-Arms (3, 4); Literary Society (3, 4); Prize Debater (4); Editorial Staff of "Hearn," (3, 4); Senior Class Book Committee; Dramatic Club (3, 4); Minstrels (2, 3); Chess team (1, 2, 3, 4); Spanish Society (2, 3, 4).

Lehigh University, Class of '26, Varsity Football, Freshman Basket Ball team.

PAUL WILLIAM SCHMOYER, Bus. Ad., '26                      Allentown, Pa.  
Known as "Shiek" and "Scheimeyer"

Nicknames sometimes run in opposites. So it is in the case of Paul, whose actions no more resemble those of a Shiek than Wampus. We called him "The Shiek" because of his apparent indifference to the fair sex. Paul doesn't say very much but we think he is hiding something from us—namely, his own precious li'l girl in Allentown. It isn't because Sheik has a deep, dark secret sorrow in his life, nor is it because he comes from that famous town of

Allen that he is so quiet. It's just because "deep waters still run" or something to that effect. The Sphinx is a howling hyena compared with Paul. He made the "Brown and White" board and was elected Secretary of his class. Quiet and sedate, but there with the goods is the Sheikh.

Previous record of activities: Attended Allentown Prep. School, Class of '21.

Graduated from Bethlehem Prep. School, class of '22; President of the class (4); Student Council (3, 4); Ex-Service Club (3, 4); Junior First Honors; First Prize Oration; Valedictorian; Gamma Kappa Phi.

Lehigh University, Class of '26; "Brown and White" board; Freshman class Secretary.

---

OLIVER FRANKLIN ZURN, III., Ch. E., '26 Philadelphia, Pa.

Known as "Ollie" and "Baby Boy"

Ollie doesn't laugh—he cackles. His is the most ungodly, unbecoming, unnecessary, unlaughly laugh that ever disturbed the sanctums of Third and WYNADOTTE. But we would rather see—or hear—Ollie laugh than cry and since we are a happy bunch, any innovations in the laughing line are not condemned. This green-eyed monster (one of the Brothers stole his girl—thus discoloring Ollie's eye) is going to be a chemist and if he does as well as he has done in his work so far, he'll be a sure success. That is, of course, if he grows up, which he will most probably do within the next twelve or fourteen years. His college activities consist in being elected to the "Brown and White" board and making a bid for a job in the Mustard and Cheese chorus.

Previous record of activities: Germantown Academy, Class of '22, Ivy Orator (4); Assistant Editor of "Ye Primer" (4); Manager of Tennis (4); Academy Monthly Staff (3, 4); Prize Debater (4); Belfry Club (3, 4); Secretary of the Philomathean Club (4); Orchestra (2, 3); Leader (4); Chairman of Senior Dance Committee, Gamma Tau Delta.

Lehigh University, Class of '26, "Brown and White" board.

---

HUGH BANKER RICE, C. E., '25

Roanoke, Va.

Known as "Hugh" and "Banker"

Hugh comes from that city of Roanoke, which has produced so many men for us. It is not our place to say here what we think of those men who proceeded Hugh, but we think that Hugh is all right himself, so no further comments are necessary, "Banker" is anxious to get a degree in civil engineering and so selected Lehigh for his Alma Mater.

He graduated from Roanoke High School in 1917. After a year of work, he decided to continue school and went to V. M. I. He was unfortunate in that he was ill with pneumonia twice and gave up school after two years and a half. Then he spent another year in

the fields as a civil engineer. Again lured back to school, he came to Lehigh and entered at mid-years.

Hugh has accepted the pledge of Alpha Chi Rho and will probably be initiated before Convention. He has the "stuff" and we know that he will fit in with our group.

Previous record of activities: Roanoke High School, Class of '17; Varsity Football (2, 3); Dramatic Club; Literary Society.

Virginia Military Institute, Class of '22; Dramatic Club; Stage Manager (2); Business Manager (3); Polo Association (1, 2, 3); Polo Team (3); Resigned because of illness on January 24, 1922.

Lehigh University, Class of '25.

---

## HOW THE GRADS ARE FARING

Bob Wieseman reports that he has been given charge of a section in the Alternating Current Engineering Department at the General Electric Plant at Schenectady. Special A. C. motors and generators flock around and answer his beck and call. Here is a chance for all of the Brothers to get the dope on how they make their automobile generators generate if they happen to break down on some cold and wintery night about twenty miles from a service station. Send Bob the symptoms of the case and he will prescribe.

Phi Mu is certainly proud of her lawyer. The first of our noble band that ever stepped up to the bar is none other than Bill Barthold. He is learning the "ups and downs" of that gentle game under the supervision of Lawyer Booth in Bethlehem. It is surprising how soon he has learned the tricks of the trade. A short time ago when we had the Building Association incorporated, Bill simply winked at the notary, who was so affected that he said that there would be no charge. Law is a wonderful calling, boys.

Fritch is now leading the "double life" in Wilkes Barre. He has been awfully busy getting settled but has had time to drop around to the House on several occasions. Fritch is both a salesman and a buyer now; selling for the firm and buying for the home.

Hank Shockley has been very quiet so far. That leads us to believe that all goes well in the hills of Virginia. Hank was up to his old tricks last fall and came back to cheer the boys up a bit. He hasn't changed a speck. Great stuff to see that old smile again.

One of these days the country will be informed that Georgia has the best roads in the country. Why? Colonel Bert Bottomley is still working out its problems for them. He has taken other problems to solve, too, because we are informed that he has joined the ranks of the benedicts. He returned the ballot but not a word about himself. We take it that no news is good news, altho we would have liked to have had a little more "copy."

Mark Armstrong is in the sales office of the Westinghouse Electric Co. He works out of the New York office and it is report-

ed that he makes occasional side trips to Allentown, which are not entirely of a business nature. He is still residing in Red Bank.

Pat Flanagan can be reached by writing to the Engineering Department of the American Coal Co., McComas, West Virginia. Try it because his letters are a pleasure to receive and also because McComas is far from the bright lights and a little ray of the old Brotherly Spirit would be appreciated sure enough. Let's show him that he has to go far, far away to get out of reach of his Brothers. A little of the same prescription would be great stuff to try on Dick Schubert, too, because as you will see in the list of addresses he may be reached by putting a five cent stamp on an envelope and writing the mystic words, Mr. C. S. Schubert, care of Braden Copper Co., Rancagua, Chile, S. A. He has decided to shake the dust of the States from his feet for a period of about three years in which time he will learn how they mine in Chile.

The J. A. Gardy Advertising Service is still keeping Doylestown before the public eye. Yes, the man mentioned in the title is none other than our Brother Al.

Phil Israel is selling Worthington pumps in and around New York City between week-ends spent in Ossining. It has been very quietly stated that he is cutting quite a swath among the "yatching set" at the last mentioned place.

Johnny Timmons has not spared the time from the work in the "Big Store" to let us know how he is coming along. We think that it will be a pretty safe bet to say that he will be at the Convention in spite of that fact.

The Shredded Wheat Company is preparing for one of the biggest years in its history. Vic says that he is about to make the things hum up there after waiting for a while to allow them to get the machinery working right before he steps in and shows them the secrets of the Metallurgy of the Bale of Hay.

Ike Bush is commuting to Allentown every day to see that the Mack Trucks do not get shipped out with only one rear wheel. They tried to get away with that the other day but his rigid inspection caught them in the act.

Pete Reynolds has had many experiences since the last time that the dope was collected. He was at that time in Charleston, West Virginia. He has come back to the native shores again and is living in Bethlehem. He is working at the Bethlehem Steel Co. Here is some of the latest dope which is available. He is now the proud father of a dandy daughter, Marlynn Benson, who made her debut on the third of February.

Big George Weber is now superintendent of the oil leases of Howard Weber in the Burkburnett oil fields. He writes that he has a dandy garden all of his own. He reports that he has some nice succulent radishes that he will give freely to any of the Brothers who get so far from their native heath as the wilds of Texas. His letter was one of the most pleasing to receive, too, because it was

shown clearly that tho he is far from South Mountain and the Chapter, his Fraternity spirit has not even begun to wain, but it is getting stronger all of the time.

The Monterey Pharmacy will have to struggle along without the guiding hand of Walt Woolley at the helm. He is now a sales engineer with the Thew Shovel Co., at 30 Church street, New York City, and also chief engineer at 329 Park avenue, East Orange, N. J., where he has been living since his marriage, on November 29, to Miss Louise Laird, of Freehold, N. J.

Al Barthold's address may be found in the address column. We are so unfamiliar with French that we will not try to reproduce it twice in the same evening for fear that it would not come out the same the second time. The one in the back of the issue is the correct one, tho. Try it.

Jake Begg is with the Bassick Mfg. Co., in the Chicago sales office. He reports very pleasant visits to Phi Xi, (do you have to look up the Garnet and White to see which Chapter that is?) and he hopes to get to visit Phi Omicron and Phi Kappa in the near future. He will be at the Convention, too.

J. Morgan Schaefer is now living in the large city of Emaus at the present time. He spends the working hours in and around the possessions of the Pennsylvania Power and Light Co.

Frank Chesterman has a new boss at Willow Grove, having married on that memorable day, November 25. Some of the boys had to toss up to find out whether they would journey to Noble or stay and see the Lafayette game at Easton. Both were very great events.

Eddie Fincke is selling bonds for Stokes Brooks and Co., of Philadelphia. He is operating in the territory in and around Bethlehem and during the time that he is there, he is going to make the House his headquarters.

Doc Fretz reports that he is making lots of progress at Swarthmore. He is playing the fiddle in the Musical Clubs, (co-ed). Remember how we enjoyed his fiddling at the House? We quote the last paragraph from his letter. "Enclosed is a check which may help a little. Give my best to all of the boys. See you at Convention." Nearly a perfect ending for a letter, don't you think?

Buck Snively is working in and around New York and he is going to start to night school in the near future.

Bob Cook is "forging ahead" in the Forge department of the Steel Co. Incidentally he has become quite adept in the art of playing tennis. Last summer he lifted one-half of the doubles championship of the city. Now he is spending a couple evenings a week playing handball just to keep in shape. We have nothing to say of the other evenings.

Muggsy Magee may be found at home most evenings at 160 Garfield Place, So. Orange, N. J. In the daytime he is very busy trying to increase the popularity of aluminium. He writes that Mark, Walt, Phil, Jake, Eddie Gould and some of the other Brothers

often go to the A X P lunch in New York on Tuesday at one. He says that he could get a few of them together most any day that some of the Brothers happen to be in the city and want to see the old gang.

Skip Vreeland is working with the United States Gypsum Co., New York City.

Ku Kramer now writes his letters on paper which bears the caption: Kramer—Kusel Auto Sales Co. Inc. H. K. Kramer, Sec. "Business is good," is his passing remark.

Eddie Gould recently underwent internal rearrangements at a hospital, in Newark. He is out now and O. K. again.

Chip Drew has been working with the Poor Publication Co., getting all of the latest happenings on the financial market. He also says that he is making good money, but then goes and spoils it by finishing up his remarks with, "but not enough of it." That seems to be the opinion of most of us.

Bill Huggins is located at Derfereit, N. Y., engaged in the operation of making paper. Ike Cook, who has left the Resident Chapter to go to Syracuse, reports, indirectly, that he sees Bill every once in a while. Bill hopes to get out of that country and be transferred to the New York office but at the present time does not know when the event is going to happen, if it happens at all.

Al Johnson is receiving congratulations on all sides on his readmission to the University. He has successfully stormed Thorney's heights and now plans to make Thorny get up early in the morning to get him out. The Graduate Chapter loses him but we will be there to welcome him back again when he returns with the old sheepskin under his arm.

Westy Wescoat reports that he has been very busy working in the Medical course at the Hahnemann Medical College. He also says that he will either be at the Convention or send the Brothers that are there a little note to remind them that he is still strong for Alpha Chi even tho press of work makes it impossible for him to be at the Convention.

The election of the Delegates to the National Convention has been completed. The ballots were officially counted and the results show that our delegates will be Muggsy Magee and Jake Jagels. Chippie Drew and Walt Woolley are the alternates. The returns that came in were gratifying but the only trouble was that there should have been more. Let's see if the next time that the call goes out we can't get 100 per cent return. It is not such a job to answer a letter and it makes the work on this end of the system much more of a pleasure and, consequently, less of a task.

In another part of this issue you will find all of the dope on the Convention. Every Phi Mu graduate is expected to be there and we hope that all of them will make an honest effort to be present. We want a 100 per cent spirit at the Convention and close to a 100 per cent in person. The other boys will be looking for you so don't disappoint them.

## WHAT WE ARE DOING ON THE HILL

Just about as many activities and organizations are controlled by Phi Mu at this writing as have been at any period during the last three or four years. Ever since we were installed at Lehigh in the spring of 1918, Phi Mu has taken a hand in Lehigh's affairs and very seldom has there been an activity that we didn't take some part in it.

The outstanding organization, of course, is the college paper, the "Brown and White." At present, Phi Mu is well represented on the board with seven members. Brother Gardy is Managing Editor, while Brothers Hauser, Hursh, Wardell, Huyette, Schmoyer and Zurn are acting as Associate Editors. Brother Hauser holds the position of Assistant Editor on the "1924 Epitome," the year book, while Brother Gardy is Editor of the Senior Class Book. Brother C. H. Israel has the office of Managing Editor of the "Burr," thus giving Phi Mu a voice in the leadership of each of the publications.

Phi Mu Brothers are also taking an active part in the Mustard and Cheese Dramatic Association. Brother Hauser is the Business Manager, while Brother Gardy, Ted Underwood and Dorton are members. All of these, as well as Brothers Huyette and Zurn and Postulant Rice are trying out for the Spring Show, which was written by Lehigh men. Brother Dorton took a prominent part in the composing of the musical comedy.

The winter sports are now going on and Phi Mu has a number of men either on the teams or competing for them. Brother Doc Underwood is captain of the swimming team and is doing good work. Brother Astarita was a diver on the team, but a recent attack of appendicitis, from which he is now recovering, will keep him out of the pool for the rest of the season. Brother Walker is competing for a position on the wrestling team. Brothers Miller and Brown have been playing on the freshman basket ball team, which is managed by Brother Cooke.

Phi Mu had three men on the football squad last fall and Brother Dixie Walker earned his "L" at left end. Brother Miller played at left guard during part of the season, while Brother Brown got in several games in the backfield. Brother Walker was one of the fourteen men to receive gold footballs for the Lafayette game in which the Lehigh team made such a wonderful fight against the strong Lafayette eleven. The banquet at which these were presented was staged by Brother Todd as chairman.

Brother Thomas is President of the Mining Society while Brother Gardy is President of the St. Paul's Society with Brother Astarita as Secretary-Treasurer. Brother Dorton is a member of the Glee Club, singing in the quartet, which is doing very well. Brother Al Johnson is in the Musical Club. Brother Gardy is on the Publicity Committee of the Y. M. C. A., while Brother Ted Underwood holds the position of drummer in the Band.

Several of the Brothers are competing for assistant manager

positions. Larry Kingham is trying for the swimming manager job, while Whitey Wardell and Jim Hursh are working for the wrestlers and lacrosse players respectively. Brother Rod Hauser is now assistant manager of track and is competing with his cousin, Stan Hauser, for the position of manager.

Brother Judy Gardy probably leads in membership to the honorary clubs and fraternities. He is a member of Sword and Crescent, the Senior honorary society, Cyanide, the Junior and Senior honorary society and Pi Delta Epsilon, the honorary journalistic fraternity. He is president of the latter organization. Charlie Israel is also a member of Pi Delta Epsilon, while Asty is a member of Phi, the Sophomore honorary club. He is the first Phi Mu man to every make this club. Phi Mu also has three Brothers in the newly organized Varsity Club. They are Brothers Doc Underwood, Walker and Astarita.

## TIED KNOTS

The Brothers still persist in getting into the path of "Kid Cupid's" flying arrows for since the last issue of "Musings" in August of last year, he has registered four casualties within the Chapter. A busy time it has been and prospects are bright that a still more busy season is coming in the near future.

Brother Leon A. Fritchman, '18, was the first of the quartet to get a new boss. "Fritch's" eventful day was October 14, 1922. The selection of this lanky Brother was indeed a good one in the person of Miss Mildred Reeve, daughter of Mr. and Mrs. Edward Blakley Reeve. The ceremony took place in Medford, N. J., the home of the recent bride. "Fritch" and his wife are now living in Wilkes-Barre, Pa.

The next Brother to fall in line was Frank Chesterman, '22, formerly of Noble, Pa. Frank married Miss Dorothy Wainwright Welsh, daughter of Mr. and Mrs. Louis E. Welsh, of Willow Grove, Pa. The date of the wedding was November 25, 1922 and the pair are now living in Willow Grove. Miss Welsh will be remembered from many of the Alpha Chi Rho house parties.

The other two Brothers who assumed new duties did the act on the same day. That great day for them was November 29, 1922. One of these ceremonies came as a big surprise to us. This was the move of Colonel Bertram Swail Bottomley, '19, famous Bolshevik and predestinated bachelor. However, like all the rest, "Bert" fell and signed a contract with Miss Olga Reaves, daughter of Mr. and Mrs. Sidney Powell Reaves, of Athens, Ga. They are now residing in that town.

Brother Walter R. Woolley, '19, was the other Brother to say, "I do," on November 29. The girl who helped him tie the knot was Miss Louise Laird, of Freehold, N. J. Miss Laird has been a frequent visitor to the fraternity house here in Bethelhem and is known to many of the boys. "Walt" and his wife are now living in East Orange, N. J., where they will probably stay until next summer, when "Walt" may go back to the Monterey Pharmacy.

## WHAT IS IN A NICKNAME

"The Friendly Convention—in fact as well as in name," is the headliner of the Convention Committee.

This brings up the question—what's in a name? There's nothing much in a name but there is a lot in a nickname! Would it not make it a much more friendly Convention if each Graduate and Resident knew the nicknames of the other Brothers in the Chapter?

A little skit in two acts will show a little better what is meant. The play follows:

### ACT I

Time and Place—Opening Smoker of the Alpha Chi Rho Convention.

Actors—Brothers Magee and Huyette, who have never met before.

*Scene opens with Alpha Chi Rho Brothers gathered in groups, talking and smoking. Brothers Magee and Huyette come together and since it is a Friendly Convention, they introduce themselves.*

Brother Magee: Magee is my name. What's yours?

Brother Huyette: Huyette's mine.

Brother Magee: Glad to know you.

[Curtain]

### ACT II

Same time and place. Same actors under slightly different conditions.

Brother Magee: Magee is my name. What's yours?

Brother Huyette: Huyette's mine. You're not "Muggsy" Magee of Phi Mu?

Brother Magee: I sure am. And you're "Louie" Huyette, too, aren't you? I sure am glad to meet you. *(They exit talking).*

[Curtain]

Brothers, it breaks ice!

We thought enough of the idea to use this space in "Musings" to put it across. This space is valuable so make use of it and see if you can't call every Phi Mu Brother by his nickname when you meet him at the Friendly Convention—or anywhere else you may see him.

Here they are:

Class of '16: "Jake" Reitzel; "Bob" Wieseman.

Class of '17: "Bob" Cook; "Gil" Howard; "Bill" Kantner;

"Muggsy" Magee; "Slim" Rau; "Skip" Vreeland.

Class of '18: "Bill" Barthold; "Fritch" Fritchman; "Brad" Hooper; "Hank" Shockley.

Class of '19: "Bert" Bottomley; "Ike" Bush; "Bennie" Hantz; "Pete" Reynolds; "Dick" Schubert; Big George" Weber; "Walt" Woolley.

Class of '20: "Mark" Armstrong; "Bernie" Bernhard; "Pat" Flanagan; "Al" Gardy; "Phil" Israel; "Hook" Schultz; "Johnnie" Timmons; "Vic" Wysocki.

Class of '21: "Al" Barthold; "Jake" Begg; "Art" Kostenbauder; "Harry" Kostenbauder; "Schaeff" Schaefer.

Class of '22: "Dinnie" Bush; "Chet" Chesterman; "Chip" Drew; "Eddie" Fincke; "Doc" Fretz; "Wallie" Fry; "Eagle" Israel; "Jake" Jagels; "Fish" Laing; "Tow" Phipps; "Buck" Snavely; "Westy" Wescoat; "Fred" Wysocki.

Class of '23: "Jim" Conroy; "Newt" Cox; "Judy" Gardy; "Charlie" Israel; "Al" Johnson; "Kusel" Kramer; "Snork" Thomas; "Hop" Todd; "Doc" Underwood.

Class of '24: "Eddie" Gould; "Walt" Greacen; "Rod" Hauser; "Buck" Howser; "Bill" Huggins; "Mit" Jenkins; "Cliff" Kniley; "Ted" Underwood.

Class of '25: "Asty" Astarita; "Ike" Cook; "Fred" Dorton; "Jim" Hursh; "Larry" Kingham; "Don" Richards; "Dixie" Walker; "Whitey" Wardell.

Class of '26: "Gussie" Brown; "Tom" Cooke; "Louie" Huyette; "Fatz" Miller; "Sheik" Schmoyer; "Ollie" Zurn.

## THE CHRISTMAS PARTY

'Twas the night before Christmas  
And all through the house,  
The good Brothers on cider  
Proceeded to souse.

The revels of Nero were but ice cream festivals to the big Christmas party staged at Phi Mu before the Brothers went home for the holidays. Last year the idea was originated in the form of a get-together party with a tree, present, music and "chow," but this year a bigger, better and more elaborate program than before was planned. It was an affair for which we had eagerly planned and which will be looked back upon as the best thing put across in 1922.

The Monday night before vacation began was selected as the most suitable time and the freshmen had acquired and decorated a tree. Beside the Christmas atmosphere afforded by the tree, cider and doughnuts increased the holiday spirit and these were imbibed while the presents were distributed.

Every man received a gift—useful, ornamental or merely suggestive—and some of the lucky (?) ones got quite a few donations from their thoughtful, but frank, Brothers. "Razzberries" were much in evidence among the various presentations, but the dirtier the digs—the happier the party. After the rib-racking laughter subsided sufficiently for the freshmen to give their accustomed speeches, each frosh was called upon to speak for three minutes on some far-fetched topic way over their innocent heads. Imagine the comical complexities of these extemporaneous outbursts!

Following this, Brothers Hauser and Dorton gave a parody on Gallagher and Shean which was evidently highly appreciated by the boys who laughed at the slams directed against the unfortunate

Brothers. Laughter must have whetted our keen appetites because the sandwiches, ice cream, coffee and cake melted away when served after the program was completed.

The food refreshed that Graduate Brothers who were in attendance to such an extent that they de-energized in a whirlwind "hot-hand" game, exclusive for the seven Graduates. Then after a few popular songs, the evening closed with the singing of "Amici," thus ending a most successful Christmas party. Every Resident and Graduate present gave their opinion that the party was the best affair possible and the memory of it will be ever dear to those fortunate Brothers who were there.

## OUR FIRST DAD'S DAY

After a number of attempts to try and hold a Dad's Day, our efforts finally resulted in the first one on November 18, 1922. This was the day on which the football team held its final work-out before the Lafayette battle, and although it won, it made a very poor showing, only defeating Lebanon Valley by a 6-2 score.

Quite a number of the Dads had business engagements which could not be broken, thus preventing them from coming, but, nevertheless, we had five Dads as guests—Mr. F. T. Dorton, Mr. P. B. Huyette, Mr. E. H. Bush, Mr. W. Reimold and Mr. J. W. Sharp made up the visitors.

The day was started by a trip over the campus before the football game. Then, after the team had performed, the fathers and brothers returned to the house for dinner. A little "get-together" was held before dinner in which everyone had a chance to meet everyone else.

At the end of the meal, the Dads gave the chapter a little advice on things which they had noticed could be improved, after which Brother Thomas responded with a short resume of our aims, our ideals and our activities.

Shortly after dinner, the Dads and several of the Brothers went over to Allentown, where they enjoyed a movie in the Colonial and a bite to eat in Hotel Allen. After that the group returned to the house and the Dads had a chance to try our "double-deckers." The only objection to the whole affair was that not enough fathers came. Next time, we hope that a suitable date can be arranged for all of the Dads.

If you are too far away to get to Convention this year, or if your business relations tie you up so that you can't get there, try and sit down for about fifteen minutes and send a letter to the Brothers who are fortunate enough to get there. A letter addressed to the Phi Mu Chapter in care of the Convention at the Hotel Plaza should reach one of the bunch—and will be thoroughly appreciated.

## THE FALL HOUSE PARTY

Phi Mu held her annual fall House Party on November 11, 1922, and, as usual, it was a wonderful affair. Phi Mu again could boast of having the best girls attending house parties over the week-end and nothing was left undone to make them have a good time. A good program was arranged in the way of dances and entertainment and each and every guest was busy all the time. The football game resulted in Bucknell carrying off a 14-0 victory, but the Lehigh team played good football all the way through and the victory was only made certain in the last few minutes, when Julian, Bucknell's big end, ran 85 yards for the final touchdown.

The guests at the annual affair were: Misses Betty Francke, of Jersey City, N. J.; Geraldine Buckman, of Chestnut Hill, Pa.; Isabel Downes, of Bloomfield, N. J.; Helen La Vake, of Princeton, N. J.; Beatrice Van Saum, of Brooklyn, N. Y.; Elizabeth Meley, of Germantown, Pa.; Ruth Powell, of Allentown, Pa.; Mary Kintner, of Bethlehem, Pa.; Dorothy Linton, of Oaklane Park, Pa.; Delmah Harris, of Oakland Park, Pa.

The chaperones were: Mr. and Mrs. Oliver F. Zurn, Jr., of Oaklane Park, Pa.

## A MESSAGE TO THE GRADS

In the recent letter sent to all the Graduates, the Secretary referred to a matter that was brought up in the recent Graduate meeting relative to "Musings." You no doubt made up your mind then that it was a money matter. You were quite right, it is. The situation is this.

In the past, "Musings" has been supported, financially, by the Graduate Chapter, the funds necessary coming from the Graduate dues, which at the time that the ruling went into effect were paid to the Chapter Secretary-Treasurer. At that time most of the money stayed in the coffers of the Chapter, and a small amount was turned in to the National Fraternity. The Fraternity has prospered and outgrown that system. They needed a full time Secretary. In order to finance that proposition they decided to have the Graduate Brother send his dues directly to the National Secretary and then he would send a small amount to the Graduate Chapter of the particular Phi to which the Graduate belonged. (The Graduate dues are four or five dollars, depending on the time the Brother has been in the Graduate Chapter, and of that amount the Graduate Chapter of the Phi receives one dollar.)

There are two things that are perfectly obvious about this arrangement. The first is that the National Fraternity was absolutely in the right to make the change in the policy, because the Fraternity is growing and the full time Secretary is a necessity, and further, the Graduate Chapters of the different Phis were the only possible source of income. The second thing that is quite

obvious is that the Graduate Chapter can not support "Musings" with the funds that are received under the new system.

What is the solution to this problem? The solution that was decided upon at the last graduate meeting was this: "Each member of the Graduate and Resident Chapter shall be charged one dollar per year for his subscription to "Musings," and the Business Manager of "Musings" is hereby authorized to send out bills for this amount to each Graduate and Resident."

There is only one way to indorse this plan, Graduates, and that is to obey that impulse and send the check to the Business Manager at once. The Brothers who were at the meeting all came thru that evening, and the Resident Brothers have fallen in behind the plan in a way that is truly encouraging. Therefore, Graduates, lets come thru to the man, because we cannot keep alive the interest in the Fraternity without news of the doings of the various Brothers, we cannot get this news to all the Brothers without "Musings," and we cannot support "Musings" without this small subscription price. Is it worth that to you? Your actions will answer that question conclusively.

## FAMILY ADDITIONS

Three Brothers have announced to us that they have third parties in their families. In each case, the youngster is the first one, which accounts for the fact that they are attracting great attention. One of the three is still quite a mite, while the other two are getting along in—months.

Brother "Brad" Hooper was very slow in letting us know that Miss Dorean Gertrude Hooper had arrived to brighten his home. This little lady made her appearance on May 21, 1922.

Brother "Muggsy" Magee has the only candidate for Alpha Chi Rho in the person of a little man born on September 24, 1922. This little fellow received the name of Curtis Weston Magee.

Most recent of all was the arrival of Miss Marlynn Benson Reynolds, center of attention in the home of "Pete" Reynolds. This little "niece" of ours came on February 3, 1923.

Each and every Brother is interested in what you are doing. When you go away off and get lost, there is no way for us to know anything about you unless you write. If you are too busy to send a letter around to all of the Brothers, take a postal card, jot down a few facts about yourself and mail it to the editor. It will only take a minute and then when the next "Musings" comes out, everybody will know what you are doing. If you get engaged, marry, change your position, become a proud father, commit murder—anything—write it on a postal and mail the postal to the editor. Anything you do is worth knowing.

## PHI MU WINS OPENING BASKET BALL TILT

The Alpha Chi Rho basketball five won its first contest in the Interfraternity basketball league when it defeated the Theta Delta Chi quintet in a close struggle by the score of 8 to 6.

The Phi Mutes never had a lead of more than a few points and the final outcome was in doubt until the last whistle blew. Close guarding featured the play of both teams and as a result both teams resorted to long shots. Shortly after the start of the game Brother Miller drew first blood by scoring on a long shot. Then Asty, Dixie and Whitey each contributed two-pointers which were enough to top the Theta Delta Chi score by two points. The line up:

Theta Delta Chi		Alpha Chi Rho
Bumbaugh	F	Wardell
Nicholas	F	Brown
DeHart	C	Walker
Mitchel	G	Miller
Greer	G	Astarita

Field goals: Wardell, Walker, Astarita, Miller, DeHart, Bumbaugh. Foul goals: Bumbaugh, 2. Time of halves—15 minutes. Referee: Ross.

Members of the graduate chapter should send news for "MUSINGS" and the "GARNET AND WHITE" to Brother D. M. Bush at 1135 Russell Ave., Bethlehem, Pa. "MUSINGS" items should reach him by January 15, May 1, August 1 and November 1. The dates for the other news are February 10, August 10, October 10 and December 10. He's pretty busy like everybody else, so don't wait for a notice from him. When you hear something, write it on a card and sent it right away. Your news might be the best. Just a postal will do if you haven't time to pen a letter.

Phi Mu is as anxious as ever to get that 100 per cent life subscription to the "GARNET AND WHITE." Nearly all of the residents are life members, so let the graduates come through. If it has slipped your mind, Brother Callaghan is waiting in Brooklyn, for your check. He'll be glad to put your name on the list. Send your check now, tomorrow you'll have to do something else.
